Preventative Maintenance & Service Plan

Terms & Conditions

The plans described herein have the following conditions:

- 1. This agreement between you and Dollarwise Discount Heating Oil (the "company") cancels and supersedes all prior agreements between the parties for burner service if such existed. This agreement is subject to an inspection by our service department to new plan holders or upon an upgrade in coverage to a higher level service plan. The inspection may take place at any time up to and including the time of the first service call. Initial repairs required to put the burner in an acceptable condition are not covered. Customer is to pay any taxes and other charges set by federal, state, city or local governments.
- 2. Normal service hours are Monday through Friday, 8am 5pm, excluding weekends and holidays. Scheduled tune-ups are available under this agreement during normal service hours. There is no coverage under this plan outside of normal business hours. Emergency service is available after normal business hours at prevailing rates. Emergency service is defined as calls for no heat, no hot water, serious oil leaks or other dangerous situations.
- 3. This agreement provides coverage to ordinary residential or comparable commercial installation up to 3 gallons per hour for the specific parts listed. This agreement specifically does not cover GE low pressure and rotary burners and other obsolete equipment, and parts that are obsolete or inaccessible. Calls for service when burner is off due to being out of oil, low water in boiler, electrical service is not available, thermostat is set improperly, blown or loose fuses, circuit breakers or switches off,
